

## **Traveling Wall Panel Fabricator**

Schachtler Contracting, Inc (SCI) is seeking highly motivated Wall Panel Fabricators who are willing to travel to assemble our finished products, panelized walls. This is a traveling position-locations include but not limited to Florida and South Carolina. Wall Panel Fabricators are expected to work as part of a team. All team members are responsible for quality control by verifying dimensions of material at given position and examining material for defects. Panel Fabricators will be expected to learn/perform set-up and assembly of Panels, as well as become proficient at operating any necessary equipment safely & efficiently.

Schachtler Contracting, Inc. is continually regarded as a professional, well-managed and innovative company, ready to meet and exceed the expectations of our clients. With over 35 years of panelizing experience, Schachtler Contracting, INC has built and developed a comprehensive, portable paneling plant and invested in state-of-the-art computer design capabilities, allowing us to expand our services and territory to meet the 21st century needs of the growing construction industry. Now able to build wall panels "on the road" in a controlled environment, production is faster with greater accuracy in planning, and consistency in quality control.

We take pride in our employees by offering a benefits package designed to help employees care for themselves, their families, and their futures. We offer a competitive salary including paid time off, health insurance and an employer matched retirement savings plan. Traveling positions include per diem and housing arrangements.

### **Job Duties:**

- Demonstrate basic understanding of differentiation between lumber sizes, species, & grades
